Correction to: *Cancer Gene Therapy* <https://doi.org/10.1038/s41417-021-00366-w>, published online 04 August 2021

There were inaccuracies in Fig. 1A/B and Fig. 3D in the previous version of the article.

In the process of preparing Fig. 1A/B, the incorrect representative images were inadvertently into the panel.

In regards to Fig. 3D, when we carefully checked the original data, we found that the name of original data of one part of this figure

is not clear enough. Therefore, we chose another picture of serial section of the same group to replace.

We checked in the original data and updated the relevant Figures. We sincerely apologize for any inconvenience or confusion to the readers. The correction made to the Figures does not affect the scientific conclusions of the research.

The original article has been corrected.
